SUBMIT AN #USVSHATE ENTRY WITH NAMES

(Educator: Parent/guardian permission is required for any #USvsHate entry submitted with a student's name on it. You can keep this form for your own records. You will verify that you have this permission when you upload your students' entries.)

Dear parent/guardian,

Your child's class is participating in #USvsHate, an innovative youth empowerment program working to improve schools' social climate. This program (usvshate.org) engages San Diego students in creating and sharing pro-inclusion and anti-hate messages.

Your child's anti-hate message was chosen by peers for submission to a collective #USvsHate contest! This is very exciting and shows the power of your child's voice and ideas! We did a lesson on inclusion in our class, and your child's anti-hate message was the result.

This message may be shared publicly, online, to spread anti-hate awareness. Each contestant must have parent/guardian consent to share a message with their name on it. Otherwise, the message can be shared anonymously.

Can you reply to let me know if we have your permission for the following?

I am the parent/guardian of _____ (enter child's name).

I have the authority to give permission/consent with respect to the sharing of their message as follows: (choose one)

- a. Yes, you can share my child's submission with student's first and last name, grade level, and school.
- b. You can share my child's submission with student's first name only, grade level, and school.
- c. This submission should be shared anonymously, with school name only.
