

What unity is this world

What unity is this world
The land that we share
The land that welcomes immigrants
What unity is this world

We are equal
We treat everyone fairly
They say,
We are attacked
Punched
Shoved,
Coming home to find your mother missing
Worrying
Thinking what could have happened
Finally, hearing the news.

We Asian Americans are Americans
We belong to America
We are as equal as whites

Go back to your country
They say,
Go away virus
They say,
We are not the virus
Hate is a virus
Racism is a threat

We are treated as animals in a zoo
Filthy, Undesirable
We are enmity to this land
We are attacked,
Punched
Shoved
What is different about #USvsHate?

We are not different
We are equal

Diversity is what makes us stronger
Diversity is what is helping us
Diversity is what encourages us.

What unity is this world
The land that we live together
The sky that we fly paper airplanes
The river that we ride our boats on
The field where we enjoy a picnic
What unity is this world

#USvsHate
