

SUBMIT AN #USVSHATE ENTRY WITH NAMES

(Educators: Parent/guardian permission is required for any #USVsHate entry submitted with a student's first name on it. You can keep this form for your own records. You will verify that you have this permission when you upload your students' entries.)

Dear parent/guardian,

Your child is participating in #USVsHate, a program working to improve schools' social climate. This program (usvshate.org) engages students in creating and sharing pro-inclusion and anti-hate messages.

Your child's anti-hate message was chosen by peers and adults for submission to an #USVsHate national challenge.

This message and any introduction to it written by your child may be shared publicly, online, to spread anti-hate awareness. Each participant must have parent/guardian consent to share a message with their first name on it. Otherwise, the message/introduction will be shared anonymously.

Please list your permission for the following:

I am the parent/guardian of _____ (enter child's name).

I give my permission/consent to share their message(s) as follows (choose one):

- a. By first name only, grade level, and state
- b. This submission should be shared anonymously, with grade level and state only.

Note: #USVsHate will share anonymously if no parent/family permission is secured.

PLEASE NOTE: Because we only share with first name, grade, and state, we ask students to submit entries without full names OR school names visible in them. If your child's entry has a full name or school name in it (e.g., as a student introduces their video), we will do our best to edit that out. If we cannot, we will share the entry as is.

#USVsHate will be held harmless for any future issues concerning authority of consenting adults or that of contestants. By submitting this #USVsHate entry, the message creator hereby grants and assigns to #USVsHate the non-exclusive right and permission to use, re-use, publish, re-publish, and otherwise reproduce and display this original message and backstory, in whole or in part. The message creator is also giving #USVsHate permission to let #USVsHate partners share/reshare #USVsHate's public material to further amplify the work.
