(Educator: Parent/guardian permission is required for any #USvsHate entry submitted with a student's name.

Dear Parent/Guardian,

Your child is participating in #USvsHate, a program working to improve schools' social climate. This program (usvshate.org) engages students in creating and sharing pro- inclusion and anti-hate messages.

Your child's anti-hate message was chosen by peers and adults for submission and amplification in an #USvsHate national challenge.

This message and any introduction to it created by your child may be shared publicly, online, to spread anti-hate awareness. Each participant creator must have parent/guardian consent to share a message with their first name on it. Otherwise, the message/introduction can be shared anonymously.

We may publish your child's message and introduction on usvshate.org and in our #USvsHate social media. We may also use portions of your child's submitted material in #USvsHate public materials like our posters/stickers, compilation videos, program reports, blog posts, etc., and we may shorten/copyedit introductions for public sharing. With this permission form, you are also giving #USvsHate permission to let #USvsHate partner organizations reshare #USvsHate's material to further amplify and celebrate the work. **Please list your permission for the following:**

*NOTE: #USvsHate will **share anonymously** if no parent/family permission is secured.*

*Because we only share with first name, grade, and state, we **ask students to submit entries without full names OR school names visible in them.** If your child's entry has a full name or school name in it (e.g., as a student introduces their video), or another student's name in it, we will do our best to edit that out. If we cannot, we will share the entry as is.*

***#USvsHate will be held harmless for any future issues concerning authority of consenting adults or that of contestants.** By submitting this #USvsHate entry, the message creator hereby grants and assigns to #USvsHate the non-exclusive right and permission to use, re-use, publish, re-publish, and otherwise reproduce and display this original message and backstory, in whole or in part. The message creator is also giving #USvsHate permission to let #USvsHate partners reshare #USvsHate's material to further amplify and celebrate the work.*
