

SUBMIT AN #USVSHATE ENTRY WITH NAMES

To educators and students over 13 submitting to our contests: For students under 18, parent/guardian permission is required if you are going to name the student creator when submitting their #USvsHate entry to our contest. This permission slip gets parent/guardian permission to share the student's entry publicly with their first name. (We share entries out publicly with first name and state only, with permission.) Otherwise, you should submit the entry with the student creator anonymized, and the entry will be publicized as by "Anonymous" if it wins.

(The entry itself also should not have any student's name or school name visible inside it, like a signature visible on a poster or a student or school named inside a video.)

You can keep this original for your own records. You will upload a copy or photo of it when you upload your students' entries.

Dear Parent/Guardian,

Your child is participating in #USvsHate, a program working to improve schools' social climate. This program (usvshate.org) engages students in creating and sharing pro-inclusion and anti-hate messages. Your child's anti-hate message was chosen by peers and adults for submission and amplification in an #USvsHate national challenge. This message and any introduction to it created by your child may be shared publicly, online, to spread anti-hate awareness. Each participant creator must have parent/guardian consent to submit and share a message with their first name. Otherwise, the message/introduction can be submitted and shared anonymously. We may publish your child's message and introduction on usvshate.org and in our #USvsHate social media. We may also use portions of your child's submitted material in #USvsHate public materials like our posters/stickers, compilation videos, program reports, blog posts, etc., and we may shorten/copyedit introductions for public sharing. With this permission form, you are also giving #USvsHate permission to let #USvsHate partner organizations reshare #USvsHate's material to further amplify and celebrate the work. You are also giving #USvsHate permission to fundraise for project costs by selling your child's image among a limited set of #USvsHate winning products.

NOTE: #USvsHate will share anonymously if no parent/family permission is secured. Because we only share with (permitted) first name, grade, and state, we ask students and teachers to submit entries without names OR school names visible inside them. If your child's entry has a full name or school name in it (e.g., as a student introduces their video), or another student's name in it, we will do our best to edit that out. If we cannot, we will share the entry as is. #USvsHate will be held harmless for any future issues concerning authority of consenting adults or that of contestants. By submitting this #USvsHate entry, the message creator hereby grants and assigns to #USvsHate the non-exclusive right and permission to use, re-use, publish, re-publish, and otherwise reproduce and display this original message and backstory, in whole or in part. The message creator is also giving #USvsHate permission to let #USvsHate partners reshare #USvsHate's material to further amplify and celebrate the work. The message creator is also giving #USvsHate permission to fundraise for project costs by selling their image among a limited set of #USvsHate winning products.
